Roland DG BN-20/BN-20A
Suitable Sheet widths

Roland DG BN-20/BN-20A Sheet Widths

The Roland DG BN-20/BN-20A machines are a roll media printer predominately, however you can run sheet media through the machine also. There are limitations on the size sheets you can load. The following is a list of the suitable widths the machine can read. Outside of these sizes it will throw an error and not load. If this happens then you will need to trim the sheet to suit the nearest usable size and reload.

150 to 170 mm (5.9 to 6.7 inch)

200 to 235 mm (7.9 to 9.3 inch)

287 to 322 mm (11.3 to 12.7 inch)

348 to 383 mm (13.7 to 15.1 inch)

393 to 429 mm (15.5 to 16.9 inch)

439 to 474 mm (17.3 to 18.7 inch)

487 to 515 mm (19.2 to 20.3 inch)
